

Tradewave TT&EC (TT)

WIRE TXT ADHERENCE

This notice serves to formally inform you that your trading account carries an outstanding Mandatory Wire Adherence Fee. Settlement of this fee is required prior to the execution of any inter-account trades, scheduled withdrawals, or dedicated fund transfers. Until such time as the fee is cleared, all account transfers or takeouts will be limited to 100 units and restricted to local transactions. The fee is critical for maintaining adherence to internal transactional standards, ensuring operational integrity, and safeguarding account governance. Immediate settlement will restore full transactional capabilities, reinstate unrestricted trading operations, and enable scheduled withdrawals. You are therefore instructed to remit the fee without delay to prevent functional limitations and to ensure continued alignment with both internal and regulatory protocols. A detailed statement of the charge is available upon request.
