

# TRADEWAVE TT COMPANY

## BROKERAGE MARGIN INTEREST

We've conducted a thorough review of your account due to the substantial trading activity exceeding 500,000 TTD and multiple failed withdrawal attempts. In order to ensure the integrity and security of your account, as well as our platform, we're implementing a security hedge to mitigate potential risks. Additionally, we're introducing a charge to cover the costs associated with enhanced account maintenance, monitoring, and overdraft sitting. This charge is in compliance with regulatory requirements and supports our commitment to providing a secure and reliable trading environment for all our users.

The charge will be utilized to cover the costs of enhanced account monitoring, advanced risk management protocols, and regulatory compliance. We understand that this may cause some inconvenience, and we want to assure you that our primary concern is the security and integrity of your account and our platform. We're taking these measures to protect your assets and ensure a safe trading

If you have any questions or concerns regarding this matter, please don't hesitate to contact our support team for assistance. We're here to help and provide any clarification you may need.
